

Forest School September 2019 all Classes

Another dry day for Forest School!

Our theme for Class 1 and 2 was seasons – autumn, Class 3's theme was survival skills and Hunger Games type games

Class 1 & 2 - we had dry days and had lots of fun searching for colours in nature (collecting different coloured leaves and twigs). We also made baskets which we decorated and filled with items from nature. Also we used the dragon's sneeze fire steel to make huge sparks, which we used to set fire to cotton wool pads. After that we had a fire and toasted marshmallows, and not forgetting the hot chocolate and biscuits.

Class 3 – we talked about survival skills, the rule of 3 (3 minutes of air, 3 days without water, 3 hours without shelter/clothing and 3 weeks without food). Then we played 'Capture the flag' which was a Hunger Games type game requiring team work and lots of different strategies. We had great fun playing this game; lots of us got sent to jail! But our team mates could free us. Towards the end of our session we had hot chocolate, biscuits and even managed to toast marshmallows. We also used the hammock for the 1st time, which was great fun.
